**Viñedos Balmoral** is a family winery that finds its inspiration in Finca El Moralejo, where the founders discovered its best kept secret: the character of the vines in a pure state, more than 1000m above the sea level. Our natural heritage is pampered through a careful and precise viticulture, so our winemaker Hervé Jestin can obtain the purest must, the essential factor for premium wines.

**What is special in our winery?** After many years of searching to rekindle his dream, they find the estate. El Moralejo, an estate that has been related to viticulture for centuries. An unique enclave in full nature, that reaches 1.050 meters of altitude above the sea level, that provides the best conditions for our vineyards.
