Main International Markets:

• **Winery capacity (Bottles):** 2.500.000

• **Winery history:** Bodegas Gardel is a family business of farmers and entrepreneurs who found in the Manchega land of Las Mesas (Cuenca) an ideal place to produce high quality wines. Our philosophy is not to let anything be the result of chance. For this reason, the best plots and the best vineyards were chosen, with the confidence that the wine begins with the selection of the best grapes and convinced to increase all the good that we have inherited, both from tradition and from new technologies, to thus to achieve excellent author wines.

• **Organic production:** Yes

• **Vineyard área:** 100 Ha

• **Quality marks:** POCO A POCO, EL GRAN BOTANICO, DOMINIO DE GARDEL

What is special in our winery? From the beginning, the winery focused on producing ecological wines that respect the environment and bring the taste of nature to consumers' palate, achieving this objective four years later through the certification of all vineyards for ecological production. We have been awarded to export our BiB, El Gran Botanico through Scandinavian monopolies. Our winery has obtained organic wine certification for EU and China.

Poco a Poco Joven Blanco

1

● Sauvignon Blanc
